DAY ONE
Tarra Bulga National Park
8 km walking (easy to moderate) – approximately 3.5 hours

From the National Gallery we make our way to the idyllic country village of Trafalgar, approximately 1.5 hours drive, for morning tea. Then it’s a further 1 hour to reach our destination at Tarra Bulga Guest House.

The first walk of the day in the National Park is the delightful Corrigan suspension bridge, a short walk which begins at the visitors centre. This bridge stretches through the rainforest canopy, offering spectacular views of the lush fern gully on the forest floor below.

Lunch is enjoyed in the picnic area before we head out for our afternoon walk. The 6.8 km Forest Track walk begins via the Lyrebird Ridge Track and completes a circuit back to the visitors centre. It winds through Mountain Ash forest, a rainforest gully and an unusual thicket of Hazel Pomaderris.

This evening we organise our overnight packs and food that we will take into the Wilsons Prom Lightstation tomorrow.

About the Accommodation

Tarra Bulga Guesthouse
This historic guest house built in 1934 is perched adjacent to the cool temperate rainforests of the Tarra Bulga National Park, situated within the Strzelecki Ranges. We have full access to the entire guest house for the duration of our stay.

The comfortable B&B style rooms range from family, double and single rooms with either an ensuite or shared bathroom. Guests have access to the kitchenette, 2 lounges, pool table and open fireplace. The evening meal and breakfast will be served in the onsite Lyrebird Café.
DAY TWO

Telegraph Saddle to Wilsons Prom Lightstation
19 km (moderate to hard) – approximately 7 hours walking including breaks

After breakfast at the Lyrebird Café we set out early for a 2-hour drive to Wilsons Promontory National Park where we embark on the unique walk to the Lightstation. What makes this destination so unique is the fact that it is only accessible by foot.

All of the guest main cases will remain locked in the Park Trek trailer which will be left at Tidal River while we are at the Lightstation. Guests will carry their overnight packs with clothing, personal belongings, linen and food for the overnight stay.

We take the inland route beginning at Telegraph Saddle and walk just over 6 kms to Telegraph Junction. Continuing along the Telegraph track we reach the Halfway Hut which is our lunch destination. There are composting toilets available for use if needed.

We continue on past Martins Hill, to Roaring Meg, a popular campsite used by overnight trekkers. From here it’s another 6km to the Lightstation. The track opens up the closer we get to the Lightstation, offering magnificent views over the peninsula, with the sheer isolation of the Lightstation becoming apparent.

From its point on the peninsula the Lighthouse commands almost 360-degree views of tumultuous Bass Strait waters.

About the Accommodation

Lightstation

Wilson Promontory Lightstation was built in 1859 from local granite, and supplies were shipped in every six months. There was no communication with the outside world, and families had the vital and often lonely task of keeping the light burning to guide ships navigating the wild waters of the Bass Strait. Guests can experience a little of a lighthouse keeper’s lifestyle, by staying in the Lighthouse cottages. Part of the appeal of staying here is its remoteness, as the Lightstation is only accessible on foot. The cottage sleeps up to 12 guests, has a fully equipped kitchen, a bathroom and a modern shared communal area. Bedrooms sleep either two or four guests in bunk beds. Please bring your own bath towel and single flat bed sheet and/or fitted sheet for use.

DAY THREE

20.6 km via Waterloo Bay (moderate to hard) – approximately 8 hours walking

After breakfast we repack our backpacks and depart the Lightstation for the return journey to Tidal River. Today we take a slightly different route offering iconic Wilsons Promontory coastal views for the first 10 kms of the walk. Morning tea and lunch is enjoyed along the track, before we head inland towards Telegraph Junction. From here the track winds its way back to Telegraph Saddle.

Overnight accommodation is at Tidal River lodge.

About the Accommodation

Tidal River

We are staying for two nights in one of the group lodges within the national park at Tidal River. The lodges have a full kitchen, spacious communal living/lounge area, four bedrooms, two bathrooms and separate toilets.

NOTE: Please bring your own bath towel and single flat bed sheet/fitted sheet for use at Tidal River (there are blankets and pillows/pillow slips at the lodges)
DAY FOUR
Little Oberon Bay and Mount Bishop
15.6 km (moderate to hard) – approximately 6.5 hours walking

After breakfast and lunch making we begin our walk to Little Oberon Bay. This track hugs the coast from Tidal River where it climbs over Tea Tree shrouded sand dunes to the southern end of Norman Beach. The track continues across Norman Point into Little Oberon Bay. The walk provides spectacular views across Wilsons Promontory National Park to the Glennie Island groups.

We head back to the comfort of the lodge at Tidal River for lunch and a break from the trail.

In the afternoon we head to the Mount Bishop summit track. This return walk is a challenging trek with a wonderful reward at the end. The views from the granite bolder plateau are breathtaking, with a sweeping vista over the Proms west coast and offshore islands, and well worth the rocky scramble near the summit to get there. Overnight accommodation at Tidal River lodge.

ABOUT THE MEALS

Food at the Lightstation
Food for your meals while staying at the Lightstation will need to be carried in by each guest. Park Trek will provide the food but guests will need an overnight pack of around 50 litres to carry food and personal belongings.

Outside of the Lightstation
The food we serve is healthy, hearty and home style. Our menus are designed to showcase the fabulous regional produce. Fresh local cheese, yoghurt, fruit, vegetables, fish and meats are used, supporting local farmers and minimising our food miles. We don’t offer five-star dining, but our guides take pride in ensuring that all meals are delicious and plentiful, prepared with top-quality fresh seasonal ingredients.

Breakfast is a continental spread of cereals, stewed fruit, yoghurt, toast and spreads. Coffee and tea are always available at your base accommodation.

Lunch can vary from day to day, but includes meat, salad, bread and wraps. Some days might include something different like roasted chicken.

Dinner is a casual two-course meal of main and dessert prepared by your guides. The menu changes to suit available fresh produce but could include a classic roast lamb, salmon fillet or Thai chicken. Dessert may include things like maple baked apples, pears in red wine or seasonal fruit salad.

Snacks Guests can prepare their own trail mix each morning from our self-serve trail mix selection. There will be fresh fruit for the trail and biscuits or fruit cake for tea breaks.

Pre-dinner antipasto Each evening we prepare a selection of antipasto delights, dips, cheese and crackers before dinner.

Dietary requirements We are able to accommodate guests’ specific dietary requirements and can prepare meals to meet individual needs.

Alcohol Our tours do not include alcoholic beverages, however guests are most welcome to bring wine/beer along with them. If you are bringing bottled wine, please pack this well in your main bag to avoid breakages. There may also be an opportunity to visit a local bottle shop while on the tour.

DAY FIVE
Squeaky Beach and George Bass Coastal Walk
10 km (easy to moderate) – approximately 3 hours walking

After breakfast and lunch making we depart Tidal River Lodge for a leisurely walk from Tidal River, climbing up and over the bushy headland before descending into the stunning Squeaky Beach. As its name suggests, Squeaky Beach squeaks when walked on. This is due to the ultra-fine quartz particles, all of which are the similar size and shape.

Our second Park Trek guide will greet you in the carpark and transport you to Kilcunda where we stop for lunch at the Kilcunda General Store (guest own expense) before beginning the George Bass Coastal Walk to the Punch Bowl near San Remo.

This gorgeous walk offers panoramic coastal views from a narrow winding path, along cliff tops rising high above the pounding surf of Bass Strait. Mid afternoon we make our way back to the Melbourne, arriving at the National Gallery of Victoria around 5pm.

Meals – breakfast (lunch is at guest own expense)
