

Launceston airport – pick up and drop off

The PCDC is a white plastic card (size of credit card) which requires the driver to hold the card over the reader located at the entry gate to the commercial vehicle lane to obtain access.

Credit will be required to be pre-loaded onto the card which can be made at the car park payment machines outside the terminal (adjacent to the commercial vehicle lane). Payment can be made with the Park Trek credit card, please refer to instructions on how to load your credit card (on separate document with images of card reading machine).
